**Opening remarks**

**Sergey Alekseenko** - chancellor of SBEI HPE KSMU of the Ministry of Healthcare and social development of Russia (Krasnodar)

**Paolo Macchiarini** – head of Regenerative Medicine Center, Karolinska Institute, Professor (Stockholm, Sweden)

**Elena Redko** – ministry of Healthcare of Krasnodar region (Krasnodar)

**Vladimir Porkhanov** - RAMS corresponding member, Professor, head of oncology with a course of thoracic surgery department of advanced training faculty of SBEI HPE KSMU of the Ministry of Healthcare and social development of Russia (Krasnodar)

**Presentation of International scientific-research  
clinical and educational center of regenerative medicine**

**Demonstration of the film about  
the laboratory of International scientific-research  
clinical and educational center of regenerative medicine**

**Yuri Trembach** – vice-chancellor on administrative-and-household of SBEI HPE KSMU of the Ministry of Healthcare and social development of Russia (Krasnodar)

**“Engineering and technical solutions of the laboratory of International scientific-research clinical and educational center of regenerative medicine” – 10 min**

**Irma Sakhuria** – chief executive officer of LLC “Chembio company” (Moscow)

**“New technological possibilities of the laboratory of International scientific-research clinical and educational center of regenerative medicine” – 10 min**

**Roman Deev** – medical head of the Human stem cells institute, executive editor of the journal “Cell transplantology and tissue engineering” (Moscow)

**“Experience of cell technologies training of young specialists from Kuban state medical university” – 10 min**

**11.30 – 14.00 III All-Russian School for young scientists with international participation  
«Regenerative medicine. Global experience of heart and lungs and  
bioengineering»**

**Paolo Macchiarini** – Professor, head of Regenerative Medicine Center, Karolinska Institute (Stockholm, Sweden), Megagrant leading scientist  
**«Bioengineering thoracic organs and tissues» 45 min**

**Elena Gubareva** - associate professor of general and clinical pathophysiology department of SBEI HPE KSMU of the Ministry of Healthcare and social development of Russia, candidate of medical science, Megagrant researcher (Krasnodar)

**«Diaphragm tissue engineering» 15 min**

**Aleksandr Sotnichenko** – postgraduate student of pathological anatomy department of SBEI HPE KSMU of the Ministry of Healthcare and social development of Russia, Megagrant researcher (Krasnodar)

**«Heart tissue engineering » 15 min**

**Irina Gilevich** – transfusiologist of blood transfusion department of Regional clinical hospital #1 named after Professor Ochapovsky, Megagrant researcher (Krasnodar)

**«Scaffolds for cell cultivation in bioengineered organs» 15 min**

**Elena Kuevda** - postgraduate student of general surgery department of SBEI HPE KSMU of the Ministry of Healthcare and social development of Russia, Megagrant researcher (Krasnodar)

**«First results of brain decellularization» 15 min**

**Discussion**
